The ASX document '*Corporate Governance Principles and Recommendations 3<sup>rd</sup> Edition*' published by the ASX Corporate Governance Council applies to listed entities with the aim of enhancing the credibility and transparency of Australia's capital markets. The Principles and Recommendations can be viewed at [www.asx.com.au](http://www.asx.com.au). The Board has assessed the Group's current practice against the Principles and Recommendations and other than the matters specified below under "*If Not, Why Not*" Disclosure, all the best practice recommendations of the ASX Corporate Governance Council have been applied.

In relation to departures by the Company from the best practice recommendations, Hannans makes the following comments:

**Principle 1:** Lay solid foundations for management and oversight

- 1.5 *A listed entity should have a diversity policy which includes requirements for the board to set measurable objectives for achieving gender diversity and to assess annually both the objectives and the entity's progress in achieving them.*

The Board is responsible for establishing and monitoring on an annual basis the achievement against gender diversity objectives and strategies, including the representation of women at all levels of the organisation.

The proportion of women within the Group as at 30 June 2018 was as follows:

Employee	Management	Board of Hannans
0%	0%	20%

The Company has five directors, one executive director (who is contracted to the Company) and no managers. The Board has determined that the composition of the current Board represents the best mix of Directors that have an appropriate range of qualifications and expertise, can understand and competently deal with current and emerging business issues and can effectively review and challenge the performance of management. The Company has not set or disclosed measurable objectives for achieving gender diversity. Due to the size of the Company, the Board does not deem it practical to limit the Company to specific targets for gender diversity. Every candidate suitably qualified for a position has an equal opportunity of appointment regardless of gender, age, ethnicity or cultural background.

- 1.6 *Companies should disclose, in relation to each reporting period, whether a performance evaluation of the Board was undertaken in the reporting period in accordance with that process.*

Evaluation of the Board is carried out on a continuing and informal basis. The Company will put a formal process in place as and when the level of operations justifies it. No performance evaluation was undertaken in the reporting period.

- 1.7 *Companies should disclose, in relation to each reporting period, whether a performance evaluation of its senior executives was undertaken in the reporting period in accordance with that process.*

Evaluation of the senior executives is carried out on a continuing and informal basis. The Company will put a formal process in place as and when the level of operations justifies it. No performance evaluation was undertaken in the reporting period.

**Principle 2:** Structure the Board to add value

- 2.1 *The Board should establish a nomination committee*

The Board as a whole will decide on the choice of any new director upon the creation of any new Board position and if any casual vacancy arises. Decisions to appoint new directors will be minuted. The Board will identify candidates and assess their skills in deciding whether an individual has the potential to add value to the Company. The Board may also seek independent advice to assist with the identification process. The Board considers that this process is appropriate given the size and the complexity of the Group's affairs. Until the situation changes the Board will carry out any necessary nomination committee functions.

- 2.4 *The majority of the Board should be independent directors*

The Board consists of one Non-Executive Chairman, three Non-Executive Directors and an Executive Director. There are no independent directors on the Board. Details of their skills, experience and expertise and the period of office held by each Director have been included in the Directors' Report. The number of Board meetings and the attendance of the Directors are set out in the Directors' Report.

The Board considers that the composition of the existing Board is appropriate given the scope and size of the Group's operations and the skills matrix of the existing Board members. The Board will continue to monitor whether this remains appropriate as the scope and scale of its activities evolves and expands.

**2.5** *The Chair of the Board should be an independent director and, in particular, should not be the same person as the Managing Director/Chief Executive Officer*

Mr Murray does not satisfy the ASX Corporate Governance Principles and Recommendations definition of an independent director however the Board considers Mr Murray's role as Non-Executive Chairman essential to the success of the Group in its current stage, wherein the Group continues to refine its focus on the strategic development of the business. Over time, it is proposed that the Chair position will transition to an independent non-executive director.

The Board considers that this process is appropriate given the size and complexity of the Group's affairs. It is not considered necessary to have a separate risk committee.

**7.2** *The Board should review the entity's risk management framework and disclose at each reporting period*

The Board is responsible for ensuring that risks, and also opportunities, are identified on a timely basis and that activities are aligned with the risks and opportunities identified by the Board.

The Company believes that it is crucial for all Board members to be part of this process, and as such the Board has not established a separate risk management committee. The Board considers that this process is appropriate given the size and the complexity of the Group's affairs.

The Board has a number of mechanisms in place to ensure management's objectives and activities are aligned by the Board. These include but are not limited to the following:

- |   |   |
